ABOUT GWALIOR

The word Gwalior is coined from the name of flat summit of hill Gopachal. Along with various dynasties, Tomars, Marwahs, and Marathas who ruled the city, it gained a new dimension from warrior kings, poets, musicians and saints who contributed in making it famous throughout the country. The city is well connected with all major cities of India by rail and road. The city boasts of various educational Institutes encompassing different domains viz. Engineering, Management, Medicine, Physical education, Hotel Management and Tourism & Travel Management, Music Arts & Commerce and management.

ABOUT THE INSTITUTE

Maharana Pratap College of Technology, Gwalior a Premier Institute of the region was established in 1996 under the aegis of Pratap Vahini Samaaj Kalyan Samiti. The Society also established first Dental College of the region in 2003 which again has set new dimension in the field of medical education. Society has well established Nursing College, Allied Science College and Management Institute under its umbrella. All courses are approved by respective regulatory authorities viz. AICTE-New Delhi, RGPV-Bhopal, Jiwaji University-Gwalior and DTE-Bhopal Dept. of Higher Education M.P. etc. The quality of education speaks volume for itself in terms of University results, where every years few students are listed in merit order. The MPCTians are well placed in top MNC as well as various public sector and government organizations.

NATIONAL CONFERENCE

ON
EMERGING TECHNOLOGIES &
BUSINESS STRATEGIES FOR
SUSTAINABLE GROWTH

10-11 FEBRUARY 2023

MPCT

— Institutions —

Celebrating Glorious
26 Years

ORGANIZED BY
**SCHOOL OF ENGINEERING
& MANAGEMENT STUDIES**

MPCT INSTITUTIONS
Near New Collectorate, Sirol Road, Gwalior
<http://www.mpct.org>

CONFERENCE THEME

Faced with business transformation in the world today, organizations clearly need new frameworks to formulate their own strategies to successfully adapt for sustainable growth. It has affected all sectors such as retail, manufacturing, banking, tourism, telecommunication, airlines etc. Traditional business approach and processes are becoming redundant and these new technologies bring some major boisterous threats. To win over such constraints, organization need to go ahead with developing strategic plans and harness the potential of new technologies. Realignment of their structure & processes to become more flexible/ adaptive such that products & services with added values are made available to the end users. For this, technocrats and business leaders must be acquainted with effective plans and should implement and measure the impact of these technologies with strategies that may benefit today's customers and lead to achieve business goals.

The conference aim is to bring together the Academicians, Scholars, Engineers and Students from all over the country & provide them a contemporary platform for exchanging their views, knowledge and experience on the current trends in Engineering, Management, Commerce and Science. Conference will also enable to foster collaborative relations between students, academicians, scientist and industries. This will also provide an opportunity for the participants to exchange innovative ideas, perceptions, and claims of their works.
